

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

INDEX OF NAMES.

ABBREVIATIONS.—In the Index the following abbreviations have been used: *pap.*, principal paper by the person named; *com.*, briefer communication, by the person named; *b.*, review of book of which the person named is the author; *p. n.*, personal note on the person named; *r.*, review by the person named; *trans.*, translation by the person named; *mis.*, miscellany by the person named.

When the figures are in italics and preceded by the letter *B*, the references are to the "Bulletins" of the Academy, Nos. 1-5.
